

Nicole EZ-S Continuous

EZ SHIP

TYPE
PROJECT

Overview

- EZ Ship is when your looking for a fast solution to a space where you need up to 48 feet of continuous pendants.
- No waiting for Submittals, Drawings, Bill of Materials, or Approvals.
- Just order from the cut sheet.
- Aesthetically pleasing Nicole has a round design with a tool-less snap on gear tray and a snap on frosted acrylic lens. End caps are milled for eliminating light leaks.
- Direct lighting only.
- If you need this product in just an 8' or 4' , look under EZ Individual.

PART NUMBER: EZ-NIC-SDC

Size	Lumens Direct	CCT Available	CRI Available	Optics
4 = 4 Feet	D3 = 350 LPF	30 = 3000 Kelvins	90 = 90 CRI	FR = Frosted White
8 = 8 Feet	D5 = 500 LPF D7 = 750 LPF	35 = 3500 Kelvins		
Mounting	Driver / Voltage	Fixture Finish	Options	
SM = Surface Mount	ZTU = Universal 0-10v dimming 120v/277v dual 1%	BK = Black W = White	EMD = Emergency Driver - Battery Backup 120-277VAC	

NOTES

ORDER NUMBER:

Construction & Mounting

HOUSING

Extruded aluminum housings are supplied in nominal lengths of 4 or 8 feet End caps are extruded, milled aluminum and encapsulate ends of lenses to minimize light leaks.

REFLECTOR

Integral powder-coated LED housing with excessive reflectivity for increased lumen output

FINISH

Standard powder-coated colors EZ Ship are white, black

OPTICS

Extruded round snap-in frosted acrylic lens formulated for LED light sources

MOUNTING

Surface mounted fixtures have pre-drilled holes for ¼" threaded rod by others. Surface mounted fixtures have ½" knockout for power feed.

**Nicole EZ Ship
Dropped Lens Surface
Continuous Fixture**

A = Power / End Cap Kit
B = Joiner Hanging Point
C = Universal 4' or 8' Fixture

EXAMPLE	Description	Qty.
A	Power/End Cap Kit (Start of Run and End of Run Kit)	1
B	Joiner (Hanging Point)	1
C	8' Fixture Continuous	2

Electrical / Driver

- Drivers - Our drivers are specifically selected based on fixture application to ensure ultimate reliability and long life. We use only UL recognized brands of LED drivers. Our LED drivers feature HPF (high power factor), universal voltage 110 - 277 VAC and include 0-10V dimming. Please note, 277v has longer distances from power feed to power feed then 120v.
- If required, we can supply premium drivers such as Lutron, Eldoled and others upon request. Advanced control systems compliant drivers such as POE,DALI, DMX, etc. are also available, please consult factory.
- Rated life (90% survivorship) of 50,000 hours at 50° C max. ambient (and 70° C max. case) temperature. At maximum driver load: Efficiency >84%, PF>0.9, THD
- Our LED drivers feature HPF (high power factor), universal voltage 110 - 277 VAC and include 0-10V dimming.
- Emergency drivers are factory installed as an option, long life, high temperature, recyclable Ni-Cad battery pack with test switch and charge indicator. EMR is minimum of 90 minutes operation to meet code.
- POE - We are working with Molex/Igor POE systems. We can add a POE driver into our fixtures or remote them. Based on the fixture you select, we will notify you (or you can contact the factory) to see if we can install the P-driver or the P-driver needs to be remote. Just add POE1 in the spec and we will advise. Please keep in mind you need to specify a complete POE control system before specifying POE1.

LED Performance

LED Output	CCT Color Temp	Watts	Lumens	Lumens per Watt	CCT Multiplier
Low	3000	4 WPF	350 LPF	89 LPW	90+ CRI
Medium	3000	5.7 WPF	500 LPF	88 LPW	90+ CRI
High	3000	8.5 WPF	750 LPF	88 LPW	90+ CRI
Low	3500	3.9 WPF	350 LPF	90 LPW	90+ CRI
Medium	3500	5.5 WPF	500 LPF	90 LPW	90+ CRI
High	3500	8.3 WPF	750 LPF	90 LPW	90+ CRI

- The table above is a quick reference based on per foot. Please refer to photometric report for detailed information.
- Our light engines are precisely designed for optimal operation of LED assemblies.
- Our standard LED's CCT (correlated color temperature) range is 2700K to 4000K. Other CCT values are available upon request.
- We log LED bin codes for each project we supply to ensure color consistency and keep a record of those projects for future reference.
- CRI offered is 80+, and 90+ Note: on 90+ CRI use .85 multiplier
- We design our own printed circuit boards to ensure high luminescence efficiency, low thermal resistance and long-term reliable operation.
- Light engines are easily replaced.
- We use only recognized brand LED's with 3 SDCM (standard deviation color matching) with high color consistency. 2 SDCM available upon request.
- LRP - "LED Reel Program" – LED's for printed circuit boards come on reels' like old 8mm projectors and they're sold in lots just like fabric. At Picasso Lighting, we have a program where we make sure all of your reels come from the same lot for each project. This ensures excellent color consistency in large open spaces.
- LED life is rated at 50,000 hours

Certifications & Warranties

- Limited five-year (50,000 hours) warranty on all products. Limited ten-year (100,000 hours) warranty on all Lutron drivers.
- IBEW USA Union All fixtures are IBEW manufactured and assembled in the USA.
- Warranty does not cover damage caused by transport, damage caused by using the fixture in an area it is not UL rated for, damage caused by negligence, lack of maintenance, attempts to repair by unqualified or unauthorized personnel, by using non-original accessories/parts, fixtures installed in systems without power surge protection.
- UL and CUL listed for dry and damp locations.
- We manufacture based on approved spec sheets and submittals signed by professionals responsible. Change orders must be in writing and will delay delivery.
- Picasso Lighting must receive in writing any thought to be defective products discovered, no later than 4 weeks from delivery to; ttoledo@picassoltg.com. Picasso Lighting will send a field technician to the site to evaluate the said defective product. We do accept field repair from licensed electrical contractors but not without a written agreement signed by Picasso Lighting official. Failure to adhere to all warranty and certifications will void any recompense and the warranty.

Note: Picasso lighting industries, LLC reserves the right to make any design changes which will not affect the overall appearance or performance of the product. All ceilings to be adequately reinforced by others. All fixtures to be wired by licensed electrician only.
